

§ 304.4

(b) *Termination.* EDA may, upon sixty (60) days prior written notice to the District Organization, member counties and other areas determined by EDA and each affected State, terminate a Region's designation as an Economic Development District when:

(d) EDA may further modify or terminate a Region's designation as a District according to the standards set forth in an FFO.

§ 304.4 Performance evaluations.

(a) EDA shall evaluate the management standards, financial accountability and program performance of each District Organization within three (3) years after the initial Investment award and at least once every three (3) years thereafter, so long as the District Organization continues to receive Investment Assistance. EDA's evaluation shall assess:

§ 305.4 Projects for design and engineering work.

In the case of Public Works Investment Assistance awarded solely for design and engineering work, the following additional application requirements and terms shall apply:

(a) EDA may determine that a separate Investment for design and engineering is warranted due to the technical complexity or environmental sensitivity of the construction Project;

(b) The purpose of the Investment may be limited to the development and production of all documents required for the construction of the proposed construction Project in a format and in sufficient quantity to permit advertisement and award of a construction contract soon after securing construction financing for the Project;

(c) EDA will not disburse any portion of the Investment Assistance until it receives and certifies compliance with the Investment award of all design and engineering contracts; and

(d) EDA's funding of the Project for design and engineering work does not in any way commit EDA to fund construction of the Project.

§ 305.5 Project administration by District Organization.

(a) When a District Organization is not the Recipient or co-Recipient of Investment Assistance, the District Organization may administer the Project for the Recipient if EDA determines fulfillment of the following conditions:
